

Characteristics of Effective Learning

x is a sociable and inquisitive member of the class who is full of energy and extremely creative. X is curious about events and people and will happily ask questions to further her understanding. She is happy to work independently and she is also happy to follow a friend's lead when working in a group. She will often initiate activities based on her current interests especially in the writing area where she creates wonderful stories. x particularly enjoys role-play and drawing, she has a fantastic imagination and will build on stories she has listened to. She always plays fairly and kindly with others.

x is able to remain focused on a self-initiated activity for an extended period of time. She will keep trying when faced with a problem and she will work with determination to overcome it, happily asking for help if she needs it. x enjoys sharing her achievements with others and shows pride in her work.

Child X

Physical Development
ELG 04 Moving and Handling
ELG 05 Health & Self-Care

14.9.16
"X cut and scrunched the tissue paper to make an apple tree."

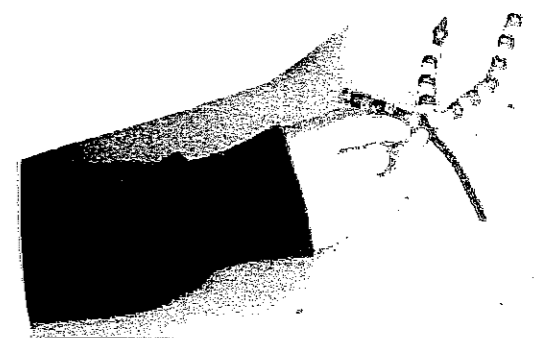

9.9.16
X carefully used the hole punch and then threaded the leaves.

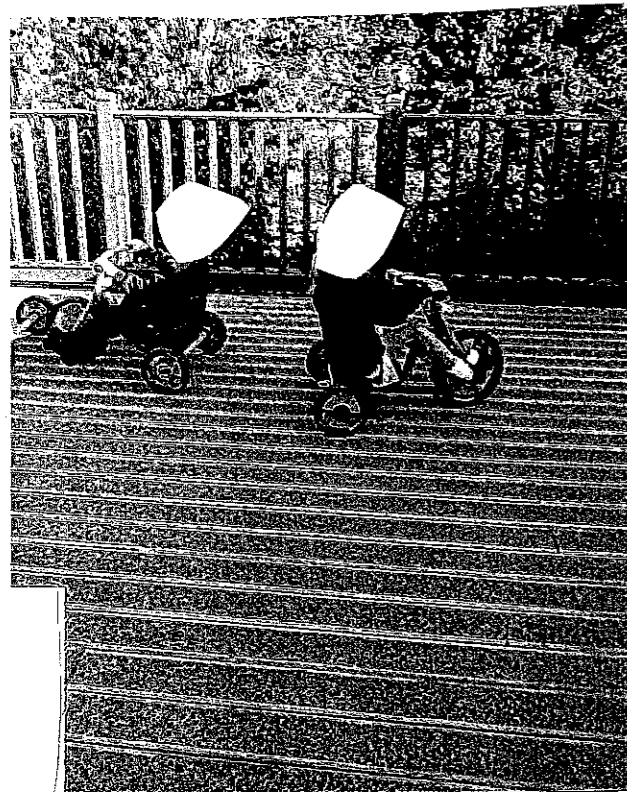

30.9.16
confidently jumped over the obstacles.

10.12.16
X commented that milk has calcium in it. "That is good for you."

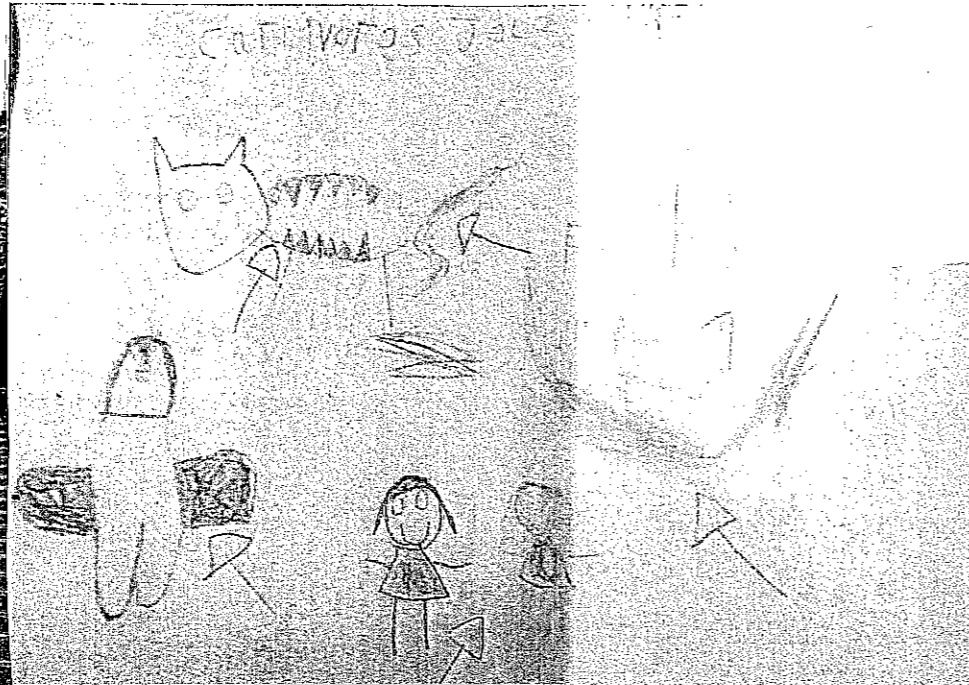

17.12.16
X chooses fruit rather than cake as it is healthy at the class party.

8.1.17
X persevered to make a snowflake, threading the beads on the pipe cleaners. She made a repeating pattern throughout.

15.9.16 X can ride forwards and backwards.

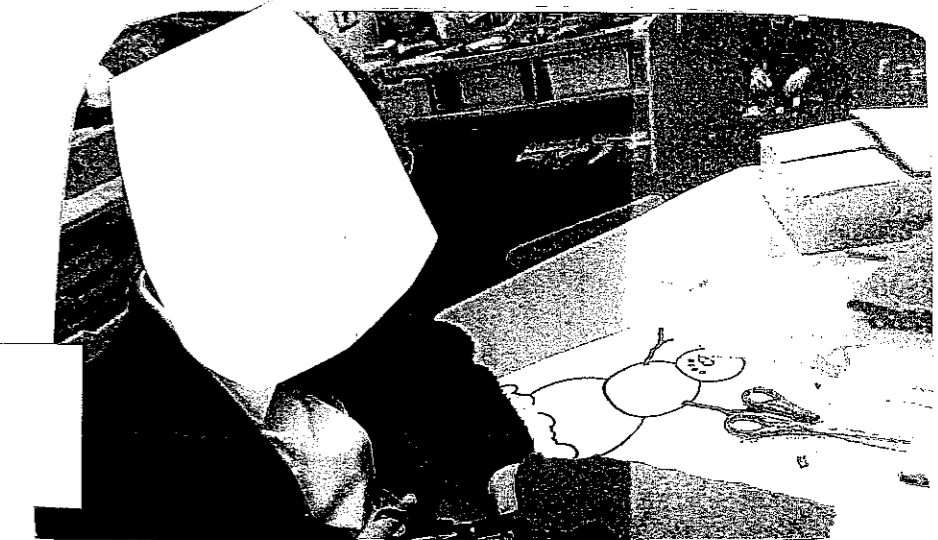

11.10.16 CI
X worked with Y to draw pictures of animals that are carnivores.

18.10.16
X held the scissors correctly when cutting, then carefully walked to put them in the storage box, holding the blades down, between her fingers.

21.1.17 X outside.
"I am so cold out here. Think I need gloves. it is better."

15.12.16
"Juice can have a lot of sugar. To be healthy you could go on a bike!" said X in response to visit from Schools Health Service.

20.1.17
X managed to cut round the snowman staying on the lines.

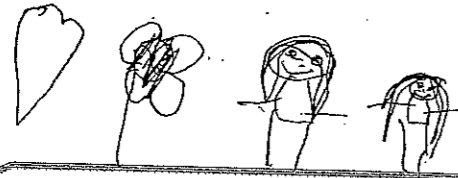

15.1.17

When X was playing a chasing game on the playground, she stopped and said "My heart is beating really fast now. I have been running around. I will have some water."

Wow card

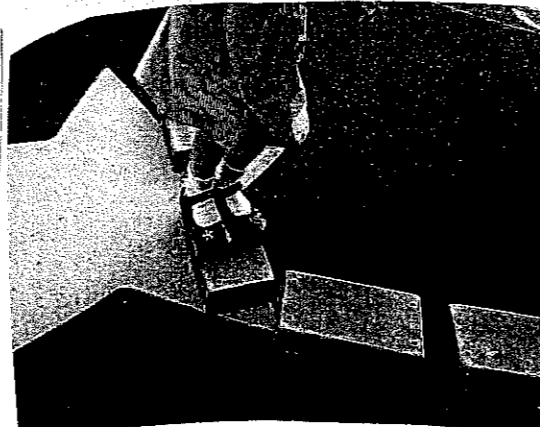

X had her first ballet lesson on Saturday and her first swimming lesson with a new teacher and at a new pool on Monday. She loved both lessons and was brilliant!

Feb '17

12.3.17

X balanced on the blocks to walk round the blocks. She then walked backwards and balanced on one leg too!

17.3.17

During lunch in the hall X said "Miss, A had crisps, he shouldn't Have them, they have salt on."

20.4.17

X used a variety of materials to make a lion. She looked at the lion picture and used materials imaginatively.

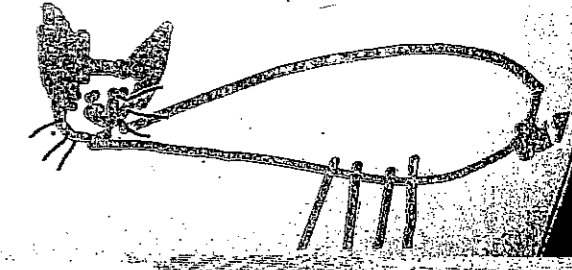

16.6.17

"I think a strawberry smoothie is healthier than a chocolate milkshake. Although I know something that is in it that is healthy, milk."

20.6.17

"When we went out to the park, I didn't have any suncream on, So I had to stay in the shade."

mi fox likes to plai and she likes to eat dog food.

3.5.17 X was drawing a picture on the computer "I need two pointy ears, a big body, four legs and a bushy tail with a white bot at the end."

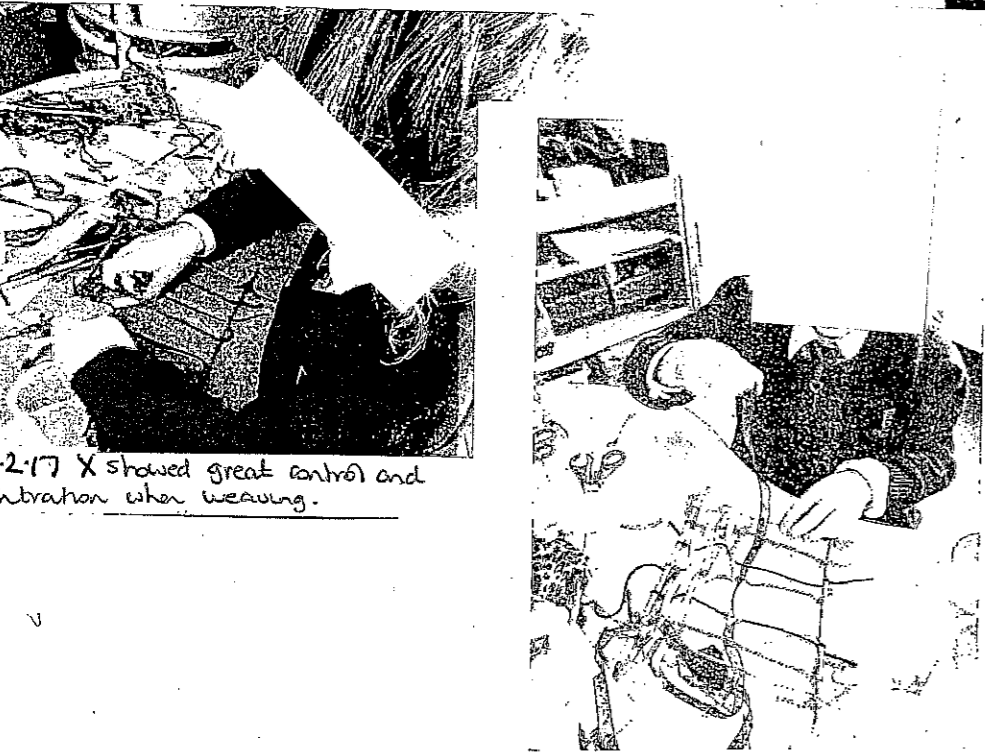

Wons a time the was a laide bard hoo hav sed a vice she so s ve os she told all the anwls and she had the pian and she had a piano they did it in the hif they chfy as the ho os then they cld the pwnkes the hobs wen in to prish then they all had a party.

15.5.17

10.4.17

A group were building in the outdoor area with the large wooden bricks. X said "Don't stand on those bricks, they aren't safe. Put that big one underneath."

2.17 X showed great control and vibration when weaving.
