## Information Governance Traded Service. Story so far...

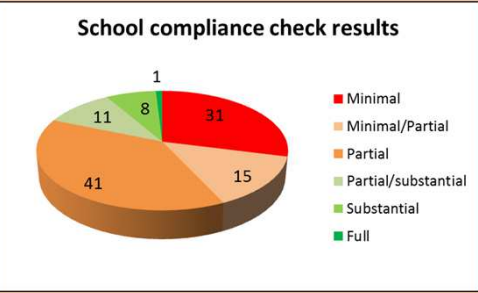

- Growing team (7+ members of the IG team)
- Extensive data protection experience
- Experience from assisting with implementation of GDPR at more than 100 schools.

**100+** settings (schools, academies, MATs/Feds) signed up to our DPO service

**54** training sessions so far this academic year (with many more booked)

**109** compliance checks so far

Responded to more than **400** school queries  
 - 64 data breaches  
 - 82 SAR/FOI requests

**800+** staff signed up to our e-learning package

## Complex involvement

Some of our DPO schools have not needed to utilise all the data protection services we can offer.

However some schools have been faced with more complex queries.

## Complex complaints and multiple SARS

## Serious data breaches at schools

## Solving complex data sharing requests

## Close links with other LA teams

- We work closely with other departments within the council:
  - Schools ICT,
  - Legal services,
  - Governor services
  - SLES
  - ISEND
- We can liaise with these teams on your behalf and help resolve issues that others couldn't. All included within your package.

### What does the ESCC DPO do?

- Provide the school with a named DPO (Peter Questier)
- DPO (and supporting Information Governance team) provide advice and guidance on implementing and upholding the new legislation, e.g:
  - Policy templates
  - Online guidance documents and reference material designed for schools
  - Advice on and approval of DPIAs.
- Phone and email helpdesk to assist with any data protection enquiries.
- Bespoke training sessions, e-learning, webinars and network training events.
- Compliance reviewing to check, monitor and advise on your GDPR journey
- Act as a point of contact between the school and the ICO (as required).
